

4/13/2021 Central Wisconsin Wild Ones meeting minutes

Our Secretary board position remains available: please contact Paul or Keri via email if interested.

Seedling transplanting at Farmshed was a success! Thank you to the volunteers who helped transplant thousands of plants for the group and for Farmshed's plant sale.

Pfiffner Park update: Larger area tarped than originally planned, date for planting is May 10th from 10am-2pm. We are in need of volunteers, so please reach out to Paul if you are able to assist in this planting.

May 11th meeting will be "Technology and plant ID" with Tony Iwant from iNaturalist. Please download this app if you have a smartphone in order to more accurately relate to the presented content.

Today's meeting was all about prescribed burns, as presented by Scott Fulton, who is the president of The Prairie Enthusiasts. The recording for his presentation is available on our private YouTube channel. If you are interested in watching, please let us know and we can forward the link.
